ADDITIONAL TIPS

- Don't let your wardrobe stop you from attending. Dress as close to business professional as you are able and don't stress if you don't own the perfect suit.
- Think about your target industry and how they dress - certain industries may have a more strict dress code than others.
- Dress to feel comfortable and confident! You know your style best, so wear an outfit that will be presentable and have you feeling your best at the event.
- Wear shoes you are comfortable standing and walking in for the entirety of the event or bring a change of shoes for after the event ends.
